

## Small gearbox - big performance

PRE 040

### Brand new miniature gearbox for precision work and fine motor skills.

Thanks to their continuous improvement, gearboxes from NIDEC always fulfill the highest requirements of drive technologies.

The new miniature gearbox PRE 040 combines the advantages of a planetary gearbox with an exceptionally compact design.

Technical advantages:

- Most economical miniature gearbox
- Smallest planetary gearbox in the NIDEC portfolio
- Carburized helical gears contribute to reducing vibrations and noises.
- Adapter bushing connection: The PRE 040 gearbox can be attached to any motor.
- Excellent torque density due to case-hardened needle bearings.
