

Everything from one hand

NRP

Do you need a new gear rack solution for the optimal drive of your machines?

Nidec Rack&Pinion (NRP) is our first-class system consisting of a gear unit, spur gear, gear rack and optional lubrication system.

Expect VRT, VRS and EvoGear series gearheads in the well-known **NIDEC quality**.

Our components are perfectly matched, already assembled or shrunk on. Common compatible solutions will soon be available from stock.

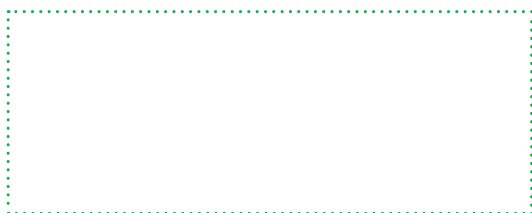

TIP: You can find more information about our gearbox systems at <https://www.nidec.at/en/products/transmission-systems/nrp-nidec-rackpinion-system/> and in our **download area**, <https://www.nidec.at/en/downloads/>

- Coaxial and angular solutions
- Sizes from T2B= 45Nm bis 430Nm
- Feed forces up to approx 9kN
- Input speeds up to $n_{1\text{MAX}} = 8500\text{min}^{-1}$
- Travel speeds up to 6m/s for challenging positioning tasks
